Great Falls Studios

Celebrating a Decade of Art

Established in 2003, Great Falls Studios is a consortium of more than 100 artists living or working in Great Falls, Virginia. We are a unique and diverse group of painters, potters, jewelry makers, sculptors, fiber artists, photographers and other artists representing a variety of media, each working in equally unique studio spaces scattered throughout the back roads of scenic Great Falls. Our purpose is to support the artistic endeavors and objectives of our members and to make the Village of Great Falls a more artful place.

Our Tenth Anniversary year (2013) will be filled with unique events for artists and art lovers alike!

In its Tenth Anniversary year, Great Falls Studios plans to celebrate with its annual signature event, the Studio Tour, its regular annual events, as well as exciting new offerings! Mark your calendars and save the dates below to join us for a year full of surprises!
